Re: Petition for Rulemaking
Questa, New Mexico

Dear Ms. Salas:

Transmitted herewith on behalf of Metro Broadcasters-Texas, Inc., are an original and four copies of its Petition for Rulemaking, requesting the Commission to amend the FM Table of Allotments to allot Channel 279C1 to Questa, New Mexico, as that community's first local broadcast service.

Should any questions arise concerning this matter, please communicate directly with this office.

Very truly yours,

Andrew S. Kersting
Counsel for
Metro Broadcasters-Texas, Inc.

MM Docket No. _____

RM No. _____

To: Chief, Allocations Branch

PETITION FOR RULEMAKING

Metro Broadcasters-Texas, Inc. ("Metro"), by counsel, and pursuant to Section 1.401 of the Commission's rules, hereby requests the Commission to institute a rulemaking proceeding for the purpose of amending the FM Table of Allotments to allot Channel 279C1 to Questa, New Mexico, as that community's first local broadcast service. Metro proposes to amend Section 73.202(b) of the Commission's rules as follows:

Channel No.

<u>City</u>	<u>Present</u>	<u>Proposed</u>
Questa, New Mexico	- - - - -	279C1

In support of this request, the following is stated:

The city of Questa, New Mexico, is an incorporated community located in Taos County with a 1990 U.S. Census population of 1,707.¹ Questa has its own police department, volunteer fire

¹ Source: *Rand McNally Commercial Atlas & Marketing Guide*, p. 429 (127th ed.) (1996).

department, and post office.² The community also is served by two community organizations, two medical providers, and two dental facilities. The Questa yellow pages list over 20 business organizations located within the community, which include three hotels/motels, one bed and breakfast, three service stations, two supermarkets, two restaurants, and one convenience store. The community of Questa also has its own elementary, middle, and high schools, four churches, and three financial institutions.

As demonstrated in the attached Engineering Statement prepared by Wayne Reese, the reference coordinates for the city of Questa meet the minimum distance separation requirements with respect to all known licenses, construction permits, pending applications, and pending rulemaking proceedings. Moreover, there is an open area in which a transmitter site may be located in compliance with the required spacing provisions of Section 73.207 of the rules.

As stated above, the allotment of Channel 279C1 will provide Questa with its first local transmission service, which will promote the objectives of Section 307(b) of the Communications Act of providing a fair, efficient and equitable distribution of broadcast stations among the various states and communities,³ and promote the third allotment priority established in *Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88, 91 (1982).⁴

² Unless otherwise indicated, all of the information contained herein regarding the community of Questa has been obtained off the Internet. See Attachment A hereto.

³ 47 U.S.C. §307(b). See *National Broadcasting Co. v. U.S.*, 319 U.S. 190, 217 (1943) (describing a goal of the Communications Act to “secure the maximum benefits of radio to all the people of the United States); *FCC v. Allentown Broadcasting Co.*, 349 U.S. 358, 359-62 (1955) (describing a goal of Section 307(b) to “secure local means of expression”).

⁴ The criteria for determining the comparative preferability of a proposed FM allotment are (1) first full-time aural service; (2) second full-time aural service; (3) first local service; and (4) other public interest matters. 90 FCC 2d at 91.

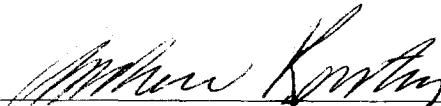

In the event this petition requesting the allotment of Channel 279C1 at Questa, New Mexico, is granted, Metro will file an application for a construction permit for the new station, and, if its application is granted, will promptly construct the new facility.

WHEREFORE, in light of the foregoing, Metro Broadcasters-Texas, Inc. respectfully requests that the Commission GRANT this petition for rulemaking, AMEND the FM Table of Allotments, and ALLOT Channel 279C1 to Questa, New Mexico, as that community's first local broadcast service.

Respectfully submitted,

METRO BROADCASTERS-TEXAS, INC.

ENGINEERING STATEMENT

In Support of a Petition to Amend Section 73.202(b)

This firm of E. Harold Munn, Jr. & Associates, Inc., was retained to prepare this Engineering Statement in support of a petition to amend 47 C.F.R. Section 73.202(b), the FM Table of Allotments. Data contained in this statement is responsive to the requirements of the Rules, as amended.

It is proposed to amend the Table of Allotments to add Channel 279(C1), 103.7 MHz, for use at Questa, New Mexico. A special reference point for the allotment at NL $36^{\circ}33'25''$ by WL $105^{\circ}24'59''$ is proposed for this rulemaking. This is the location of Wheeler Peak, highest elevation in New Mexico, with a major ski resort adjacent to the peak. Ample power is available here due to the ski lifts in operation at the resort.

Questa, New Mexico is a resort community located near Taos Ski Valley and Rio Grande Gorge National Recreation Site in Taos County. The 1990 U.S. Census population for the community was 1,707 persons.

Figure 1 is a tabulation of the pertinent portion of the computer study that demonstrates that, at the special reference point, and for the class of station proposed, all the required separations under Section 73.207(a) are fully met for allocation of Channel 279(C1).

Figure 2 is a map demonstrating that the 3.16 mV/m (70 dBu) contour of the proposed maximum facilities or equivalent for the class will encompass the entire Questa city limits.

Figure 3 is a topographical map showing the location of the special reference point.

It is requested that 47 C.F.R. §73.202(b) be amended as follows:
